#### On-Site Support

- ERG tailors on-site services to the project and customers. These include environmental assessments, remediation, monitoring, and compliance activities. In addition, we sample soil and water, offer environmental site assessments, remediate contaminated sites, and implement environmental management plans. Throughout project lifecycles, ERG staff ensure adherence to environmental regulations, management of environmental risks, and implementation of sustainable practices.
- Our customers aren't just getting on-site employees, they're engaging a team of support staff whose number one job is customer happiness.

**ERG: Trust, Expertise, Compassion**

Environmental Research Group, LLC (ERG)

6049 Falls Road | Baltimore, MD 21209 | 410.366.5170 | [www.envrg.com](http://www.envrg.com)

At ERG, we don't just solve problems; we become an integrated part of Texas communities, providing decades of comprehensive environmental expertise to cities, counties, and agencies across the Lone Star State. Our certified Woman-owned Business Enterprise/Disadvantaged Business Enterprise/Small Business Enterprise (WBE/DBE/SBE) team delivers support tailored to each project—ranging from environmental compliance, site assessments, remediation, and monitoring, to managing contaminated sites and implementing sustainable practices—all while ensuring strict regulatory adherence and advancing environmental stewardship. Since 2000, ERG has partnered with clients across Texas, bringing innovative solutions to every challenge.

**At ERG, supporting Texas is more than our mission—it's our commitment to safeguarding the environment and building a sustainable future for all Texans.**
